CNICAGO HAS ESSANAY

Big Film Company Closes Other Establishments and Concen-

Chicago now has exclusively, the biggest film company in America. With the opening of a new studio, the third on the north side, the Essanay company has chosen its two outside establishments, one in Niles and the other in Los Angeles, preferring to concentrate its efforts in Chicago. Ot the four prominent concerns identi-fied with the film industry, Selig, Essanay, Kleine and American, Essanay is the only company with a perma-nent producing plant in this city. Selig takes the pictures at his studio in Chicago intermittently, while in Edendale, Cal., he produces plays continuously; the American has its stu-dies in Santa Barbara, Cal., and conducts its business affairs in this city; and Kleine's producing activities are in the Bronz, New York City.

The Essanay studios are equipped with artificial lighting facilities which enable its producers to stage plays in all sorts of weather, while the days of sunshine are devoted mostly to exterior scenes. George K. Spoor, president of the company, has been a persistent booster for Chicago on account of its central location.

"I have always believed that Chi-cago is the natural distributing center of the United States," he said, "and for the shipment of goods excels any other American city for centralisation. I closed my western studies and increased my Chicago holdings because I want the plays produced by our company to be as close to the distributing center as possible.

"It is not necessary to go to California for sunlight; artificial light makes an ideal substitute, and you need not fret over rain and clouds. While in the past capital was represented mostly in the east, there is a trend toward this city in that direction. I believe that both manufacturer and distributor of motion pictures logically belong in Chicago on account of its central location and
